## Premier is Going Digital.

Over the next few years Premier will be migrating from an analog cable system to a new, digital cable system. The digital migration will allow Premier to offer a higher-quality, crystal clear digital picture and sound, many more HD channels and lightning fast Internet speeds!

We are also excited to introduce the new "gadgets!" The gadgets are the new Set Top Boxes (STB's) and Digital Transport Adapters (DTA's) that will be used on your television sets.

These gadgets provide many new features including, increased DVR recording space, whole home DVR, on-screen channel guides and more.
